

Shannon Zurevinski

Director

Northwestern Ontario Prospectors Association

Shannon Zurevinski started teaching as an Assistant Professor in the Geology department at Lakehead University in August 2013. Prior to this, she was the Mineral Deposit Compilation Geoscientist for Northwestern Ontario with the Resident Geologist Program of the Ontario Geological Survey. Shannon is a mineralogist and her recent research has focused on the mineralogy and isotopic geochemistry of mantle-derived rocks. Shannon is a graduate of St. Francis Xavier University (B.Sc. Hon. Geology), Lakehead University (M.Sc. Geology), and the University of Alberta (Ph.D. Earth and Atmospheric Sciences).
